

Making the transition back to civilian life is not a job change, it is a life change!

Our 3-Week REBOOT Workshop Will Help You

ReLearn - ReBuild - ReBrand

Now Enrolling for Orange County

Making the transition back to civilian life from the war front to the home front can be a difficult challenge, especially for the newer and younger generation of service-men and women who were deployed several times to Iraq and Afghanistan.

Designed for service members, veterans and dependents, REBOOT Workshops™ are a series of cognitive-restructuring educational seminars that promotes a successful social transition from military service to civilian life.

The goal of the workshop is to assist veterans in reframing their thought patterns from military service to civilian life, with all veterans achieving, within their potential, their goals in the **TRANSITION DOMAINS** of:

Employment and Career, Education, Living Situation, Personal Effectiveness & Wellbeing, and Community-Life Functioning.

Employment assistance provided upon graduation.

We are pleased to announce the Orange County series of REBOOT Workshops™ beginning on **September 17, 2012** at the **Brandman University - Irvine Campus** located at **16355 Laguna Canyon Road, Irvine, CA 92618**

This series of REBOOT Workshops™ is brought to you by the Orange County Community Foundation in partnership with the National Veterans Transition Services, Inc., Brandman University's - Irvine Campus and the Patriot Group.
